

Pressure Screw Pump (TPSP-01)

Range: 2500 mmwc

Technical Specification

1. Model No. : TPSP-01
2. Compact ,light weight, hand operated
3. Combined Pressure/ Vaccume mode
4. Range of Pressure upto 2500 mmwc & vaccum upto -1500 mmwc
5. Fine adjustment ± 0.1 mmwc
6. Pressure type : Pneumatic
7. Fine tuning option available
8. Thermally Insulated
9. Pressure release valve available
10. Leak rate of Instrument per minutes :
 - At Low range (0 to 500 mmwc) :- 0.25 mmwc
 - At mid range (500 to 1500 mmwc) :- 1 mmwc
 - At high range (1500 to 2500 mmwc):- 2.5 mmwc
11. Pump Dimension :- I. Diameter 76 mm
II. Depth 142.00 mm
12. Weight : 815 g.
13. Standard Accessories :
 - I. Tubes with T connector 1 mtr long each
 - II. Soft carry bag

Pressure Screw Pump

Range:- 2500 mmwc
